

Adventure Time offers our traditional before and after school child care/enrichment programs as well as our ELOP programs. In conjunction with the State of California and the Fremont Unified School District, the Expanded Learning Opportunities Program is available for families who have been pre-approved by the School District. The Expanded Learning Opportunities Program provides funding for after school and summer school enrichment programs for transitional kindergarten through sixth grade. The programs focus on developing the academic, social, emotional, and physical needs and interest of pupils through hands-on, engaging learning experiences. There is no cost to families enrolled in the ELOP programs.
